### **County to receive \$529,000 in community funding** *Projects help revitalize neighborhoods, improve quality of life*

BURLINGTON, Ky. (Aug. 13, 2009) — Boone County Judge/Executive Gary W. Moore announced today money for sidewalk projects in Burlington. This funding is from the Transportation Enhancement and Safe Routes to Schools federal programs.

“This funding will help improve quality of life in Burlington,” Judge Moore said. “Our administration’s focus for many years has been to create a more walkable and healthier community.”

\$250,000 of this funding will be spent on providing a sidewalk from Burlington Elementary along KY 18 / Burlington Pike as part of the Safe Routes to Schools program. The other \$279,317 is from the Transportation Enhancement program and will be spent on Phase III of the Burlington Sidewalk Project.

Judge Moore said, “These two projects will connect Historic Burlington to Darlington Farms and England Idlewild Park.”

Other sidewalk projects in Boone County include Rogers Lane near Camp Ernst Middle School, School Road in Walton, Conner Campus Sidewalk Project, and the Florence Bike/Pedestrian Plan.
