BOONE COUNTY EXTENDS STORM DAMAGE COLLECTION TIMES

BOONE COUNTY, KY— The Boone County Public Works collection sites will remain open daily until Friday, September 26th, from 8:00 am to 4:00 pm to accept storm damage tree and brush debris from the County residents.

The two drop-off sites are the Walton City Park in Walton (located on old Stephenson Mill Road and School Road in Walton) and the County Public Works facility (Maplewood Drive and Idlewild Road in Burlington). Residents may bring tree and brush debris to the sites for collection.

The Public Work site located in Burlington will remain open weekdays for debris to be dropped off beyond the 26th of September as needed but will have limited staff available to help with unloading.

For more information on the drop-off sites and a map for each location, you may visit the county website at <http://www.boonecountyky.org>.
