Alternative Agriculture Cost Share Program, Campbell County Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. The Campbell County Conservation District has received funding through the Kentucky Soil Erosion and Water Quality Cost Share fund for a new program aimed at supporting alternative agriculture enterprises. The program is limited to landowners in Campbell County with 10 or more acres involved in an agricultural enterprise not traditionally included in federal or state cost share programs. Examples include equestrian, horticultural, forestry, agri-tourism, aquaculture, apiaries, and small farm animals. Projects must include one or more Best Management Practice endorsed by the Kentucky Agriculture Water Quality Authority. There must be a natural resource management problem that is adversely affecting soil and/or water resources on the farm. Applicants will be required to provide at least 25% of the cost of the project. A total of \$7,500 in grants funds is available. For information or grant forms, contact Linda Grizzell at the Campbell County Conservation District, 8351 East Main Street, Alexandria, Ky. 41001; 859-635-9587; E-mail: campbellcd@fuse.net or visit <http://home.fuse.net/campbellcd>.

Education Grant, Boone County Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. Grant to help schools and educational institutions develop conservation education projects. For information or grant forms, contact Sally Aaron at the Boone County Conservation District, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net or visit <http://www.boonecountyky.org/bccd/default.aspx>

Education Grant, Campbell County Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. Grant to help schools and educational institutions develop conservation education projects. For information or grant forms, contact Linda Grizzell at the Campbell County Conservation District, 8351 East Main Street, Alexandria, Ky. 41001; 859-635-9587; E-mail: campbellcd@fuse.net or visit <http://home.fuse.net/campbellcd>

Education Grant, Kenton County Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. Grant to help schools and educational institutions develop conservation education projects. For information or grant forms, contact Sally Aaron at the Kenton County Conservation District, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net or visit <http://www.boonecountyky.org/bccd/default.aspx>

Scholarship, Boone County Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. The W. Robert Ellis Scholarship is offered for students who are residents of Boone County and enrolled in a four-year program of study in conservation. For information or forms, contact Sally Aaron at the Boone County Conservation District, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net or visit <http://www.boonecountyky.org/bccd/default.aspx>

Scholarship, Campbell County Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. The conservation district offers several scholarships for students who are residents of Campbell County and are enrolled, or will enroll in the fall of 2010, in a four-year program of study in conservation. For information or forms, contact Linda Grizzell at the Campbell County Conservation District, 8351 East Main Street, Alexandria, Ky. 41001; 859-635-9587; E-mail: campbellcd@fuse.net or visit <http://home.fuse.net/campbellcd>

Tree Planting and Urban Forestry Enhancement Grant, Campbell County

Conservation District. Deadline for applications, Fri., Jan. 22, 4:00 p.m. Grant to help cities and communities establish programs or develop projects to protect and conserve our natural resources while enhancing the aesthetic value of the natural environment. For information or grant forms, contact Linda Grizzell at the Campbell County Conservation District, 8351 East Main Street, Alexandria, Ky. 41001; 859-635-9587; E-mail: campbellcd@fuse.net or visit <http://home.fuse.net/campbellcd>.

Farm Dump Grant. Deadline for Kenton County landowners, Fri. Jan. 29, 4 p.m. The Kenton County Conservation District has received additional funding to provide assistance to landowners in cleaning up dumps on their farms. To participate in this program, the farm must be located in Kenton County, Kentucky. For an application or information, contact Sally Aaron at the Kenton County Conservation District, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net or visit www.kentoncounty.org

Farm Dump Cost Share Program. Deadline for Boone County landowners, Fri. Jan. 29, 4 p.m. The Boone County Conservation District is re-opening the application period for the cost-share program to provide assistance to landowners in cleaning up dumps on their farms. To participate in this program, the farm must be located in Boone County, Kentucky. For an application or information, contact Sally Aaron at the Boone County Conservation District, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net or visit <http://www.boonecountyky.org/bccd/default.aspx>

Conservation Stewardship Program (CSP), deadline for applications Jan. 29, 2010.

CSP provides financial and technical assistance to eligible agricultural and forestry producers to conserve and enhance soil, water, air and related natural resources on their land, and encourages producers to voluntarily implement more conservation practices and improve, maintain and manage existing ones. Lands accepted into CSP include cropland, pastureland, rangeland and non-industrial private forestland—a new land use for the program—and agricultural land under the jurisdiction of an Indian tribe. Individual landowners/operators, legal entities, corporations and Indian tribes are eligible to apply for CSP assistance. The application period runs from Oct. 1, 2009 through January 29, 2010. For additional information about CSP, including eligibility requirements, the interim final rule, and to submit comments please visit www.nrcs.usda.gov/new_csp or visit your local NRCS field office. Contact NRCS in Boone, Campbell and Kenton counties by calling 859-586-7903.

February 2010

Land and Water Conservation Fund grant applications deadline Feb. 26. The program provides federal grant funds to acquire land for outdoor recreation and to develop or renovate public outdoor recreation facilities such as campgrounds, picnic areas, sports & playfields and support facilities. Funds for this program are allocated to Kentucky by the National Park Service, U.S. Department of Interior. Cities, counties, state and federal agencies are eligible to apply. Applications should be available December 1, 2009. Visit <http://dlg.ky.gov/grants/> or call 1-800-346-5606.

Recreational Trails Program grant applications deadline Feb. 26. The Recreational Trails Program is funded by the Federal Highway Administration and can be used to provide assistance for acquisition of easements, development and maintenance of recreational trails and trailhead facilities for both motorized and non-motorized use. Eligible applicants are city and county governments, state and federal agencies, and non-profit organizations. Applications should be available December 1, 2009. Visit <http://dlg.ky.gov/grants/> or call 1-800-346-5606.

Licking River Watershed Watch Annual Meeting. Fri. Feb. 19, 5:30 – 9:00 p.m. and Sat., Feb. 20, 9 a.m. – 4:00 p.m., Blue Licks Battlefield State Resort Park, Daniel Boone Room. Topics and speakers to be announced. Registration begins at 8:30 a.m. Registration is free, lunch included. For information, visit <http://www.lrww.org/index.htm>

March 2010

Kentucky Association of Conservation Districts Scholarships. Deadline for applications, March 1. Scholarships for college students studying natural resources, agriculture, conservation, and related fields. For information or forms, contact Linda Grizzell at the Campbell County Conservation District, 8351 East Main Street, Alexandria, Ky. 41001; 859-635-9587; E-mail: campbellcd@fuse.net or visit <http://home.fuse.net/campbellcd>. Or Sally Aaron at the Boone and Kenton County Conservation Districts, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net or visit <http://www.boonecountyky.org/bccd/default.aspx> or www.kentoncounty.org

David Montgomery, March 14, 2010, 7:00 pm "Dirt: The Erosion of Civilizations" David Montgomery is a 2008 MacArthur Fellow. He is a geologist at the University of Washington described by the MacArthur Foundation as someone who is "making fundamental contributions to our understanding of the geophysical forces that determine landscape evolution and of how our use of soils and rivers has shaped civilizations past and present." He will be speaking about his second book *Dirt: The Erosion of Civilizations* (2007), which explores the crucial role of soil fertility in the course of ancient and contemporary societies. **Co-sponsored by the University of Cincinnati's President's Advisory Council on Environment and Sustainability.** All lectures are held in the Cintas Center and are free and open to the public. Xavier University, 513 745-3000.

April 2010

Wendell Berry and Wes Jackson and Gene Logsdon, April 11, 2010, 7:00 pm "An Informal Conversation" Wendell Berry is a Kentucky farmer and writer, described by the New York Review of Books as "perhaps the great moral essayist of our day." He is the author of more than forty novels, anthologies of essays, and books of poetry that use his intimate knowledge of his Kentucky River farm home as the starting point for eloquent and penetrating critiques of the modern agricultural system and its consequences for communities, families, and politics. Wes Jackson is the President and co-founder of the Land Institute in Salina, Kansas, a research and demonstration center dedicated to developing polyculture perennial grains as an alternative to our current annual grain monocultures. Gene Logsdon farms in northern Ohio and has written numerous books and magazine articles on the subject of small farms, rural living, cottage farming, homesteading, alternative farming practices, organic gardening, composting, aquaculture, and other types of alternative agriculture. Co-sponsored by the University of Cincinnati's President's Advisory Council on Environment and Sustainability and the Brueggeman Center for Dialogue. All lectures are held in the Cintas Center and are free and open to the public. Xavier University, 513 745-3000.

Wes Jackson, April 12, 2010, 1:30 pm "The Necessity and Possibility of an Agriculture Where Nature is the Measure" Wes Jackson is president and co-founder of the Land Institute in Salina, Kan., a research and demonstration center dedicated to developing polyculture perennial grains as an alternative to our current annual grain monocultures. All lectures are held in the Cintas Center and are free and open to the public. Xavier University, 513 745-3000.

May 2009

Kentucky Forest Leadership Program, June 1 - 5, Jabez, Kentucky. Deadline for applications is May 15. Weeklong program concentrates on forest management and related subjects including soil science, forest measurements, entomology, fire management, surveying, wildlife habitat assessment, water quality evaluation, wood products. Open to students entering junior or senior year of high school. Fee is \$275, which includes program and room and board at the Lake Cumberland 4-H Educational Center in Jabez (near Somerset). Scholarships may be available. Contact Douglas McLaren at 859-257-2703 or e-mail: dmclaren@uky.edu.

Wetland Reserve Program applications due May 29 Natural Resources Conservation Service in Kentucky is accepting applications for the Wetlands Reserve Program ranking period ending May 29, 2009. WRP is a voluntary program offering landowners the opportunity to protect, restore, and enhance wetlands on their property. The new language in the 2008 Farm Bill authorizes the Secretary of Agriculture to pay as compensation for a WRP easement the fair market value of the land, as determined by an appraisal or an area-wide market analysis or survey. The amount paid is limited to a geographic cap or the landowner offer, whichever is less. Landowners can view the geographic rate cap, which establishes the maximum easement payment NRCS will pay for the corresponding county, and other program information, on the NRCS Kentucky Web page: <http://www.ky.nrcs.usda.gov/programs>. Scroll down to Wetlands Reserve Program. Landowners can enroll their land under a permanent easement option for a lump sum easement payment and up to 100 percent of the wetland restoration costs. Eligible lands include farmed wetlands, prior converted cropland, farmed wetland pasture, farmland that floods from rivers, farmland with somewhat poorly drained soils, and current or abandoned cropland with tile lines, drainage ditches, dikes or other similar alterations. Contact Ed Thompson with the NRCS at the Burlington Field Office - Boone and Kenton County Conservation Districts, 6028 Camp Ernst Road, Burlington, KY 41005; Phone 859-586-7903. Office hours are Monday - Friday, 8:00 a.m. - 4:30 p.m.

July 2009

Campbell County Backroads Farm Tour, Sat., July 18, 9 a.m. to 5 p.m. Sixteen Campbell County Farms will open their gates for you to spend a day in the country for the **Backroads Farm Tour** hosted by the Campbell County Farmland Workgroup. For more information on the Backroads Farm Tour or locations to pick up tour maps, visit <http://home.fuse.net/campbelled> or contact the Campbell County Conservation District at 859-635-9587.

Thomas More College Summer Science Camp for High School Students, July 12 – 17. Applications Due May 29. The TMC Biology Field Station is again offering its week-long camp to students interested in exploring science. The camp is a unique opportunity for students to interact with college faculty and students while spending the week in the field conducting hands-on research in aquatic biology, astronomy, and chemistry. Activities include collecting organisms, observing the night skies, testing the water quality of our local streams, including the Ohio River, kayaking the Licking and touring behind-the-scenes at the Newport Aquarium. For more information, including application materials, please visit www.thomasmore.edu/fieldstation.

Wed., July 29, Rinse and Return Pesticide Container Recycling. Boone County Cooperative

Extension Center, 9 - 10 a.m.; Kenton County Cooperative Extension Center, 11 a.m. - Noon; and Southern States in Alexandria, 1– 2 p.m. The program focuses on collecting 1 – 2 ½ gallon plastic pesticide containers. For information on how to prepare containers for recycling, call your Cooperative Extension office: Boone County, 859-586-6101; Kenton County, 859-356-3155; or Campbell County, 859-572-2600. For a complete schedule, visit <http://www.kyagr.com/consumer/envsys/technical/index.htm>

September 2009

Native Plant Sale, Kentucky Department of Fish & Wildlife Resources, Sat., Sept. 5, Stock up on hardy native plants for your backyard wildlife habitat or garden. Salato Wildlife Education Center, #1 Sportsman's Lane, Frankfort, Ky. Phone 502-564-7863.

Kentucky Association for Environmental Education Annual Conference. Fri. & Sat., Sept. 18 & 19, Currents in Environmental Education. General Butler State Resort Park, Carrollton, KY. The conference opens at 8:30 a.m. on Friday and 8:15 on Saturday, with concurrent sessions throughout each day. Exhibits and Friday evening social and concert. Keynote speaker Melinda Hemmelgarn discusses current issues and the connection between food, health and the environment. Electronics recycling for the community and other special events. Visit www.KAEE.org for registration information.

Hunter Education Class, Sat., Sept. 19, 8 a.m. to completion. Dutchman's Rod & Gun Club, 3651 Petersburg Road, Bullittsville. Call 859-428-2954 for information. If you plan to hunt in Kentucky, were born after January 1, 1975 you must attend a Hunter Education Course. All courses are free, with cost covered by Kentucky's Department of Fish and Wildlife. Classes are lead by certified Hunter Education Instructors, and designed to help you become a safe, ethical, and responsible hunter. Course content includes classroom instruction and shooting instruction with different firearms and archery. Note that pre-registration is required for some classes. For a complete list of all classes scheduled visit www.fw.ky.gov. For questions about classes in Northern Kentucky, call 859-428-2954.

Hunter Education Class, Wed. & Thurs., Sept. 23 & 24, 6:30 – 10 p.m., and Sat., Sept. 26, 8 a.m. to completion. Kenton Game & Fish Association, 10501 Locust Pike, Ryland. Call 859-356-3798 for information. If you plan to hunt in Kentucky, were born after January 1, 1975 you must attend a Hunter Education Course. All courses are free, with cost covered by Kentucky's Department of Fish and Wildlife. Classes are lead by certified Hunter Education Instructors, and designed to help you become a safe, ethical, and responsible hunter. Course content includes classroom instruction and shooting instruction with different firearms and archery. Note that pre-registration is required for some classes. For a complete list of all classes scheduled visit the Kentucky Fish & Wildlife's website at fw.ky.gov. For questions about classes in Northern Kentucky, call 859-428-2954.

Michael Pollan, September 27, 2009, 1:00 pm "In Defense of Food: The Omnivore's Solution" Michael Pollan is a contributing writer to the New York Times Magazine and the Knight Professor of Journalism at the University of California—Berkeley. He is the nationally recognized author of numerous books including *In Defense of Food: An Eater's Manifesto* (2008) and the award-winning *Omnivore's Dilemma: A Natural History of Four Meals* (2006). Prior to the November election, he published an open letter in the Times to the "Farmer-in-Chief" of the United States, claiming that agricultural and food policies will become the next administration's most important agenda item even though they figured little in the national election campaigns. *Cosponsored by the Cincinnati Public Library.* Part of Xavier University Ethics/Religion and Society Lecture Series on Ecology and Sustainability: Food and Agriculture. All lectures are held in the Cintas Center and are free and open to the public. Xavier University, 513 745-3000.

October 2009

Conservation Stewardship Program (CSP), applications open Oct. 1. CSP provides financial and technical assistance to eligible agricultural and forestry producers to conserve and enhance soil, water, air and related natural resources on their land, and encourages producers to voluntarily implement more conservation practices and improve, maintain and manage existing ones. Lands accepted into CSP include cropland, pastureland, rangeland and non-industrial private forestland—a new land use for the program—and agricultural land under the jurisdiction of an Indian tribe. Individual landowners/operators, legal entities, corporations and Indian tribes are eligible to apply for CSP assistance. The application period runs from Oct. 1, 2009 through January 29, 2010. For additional information about CSP, including eligibility requirements, the interim final rule, and to submit comments please visit www.nrcs.usda.gov/new_csp or visit your local NRCS field office. Contact NRCS in Boone, Campbell and Kenton counties by calling 859-586-7903.

Junk Cleanup - Kenton County, Oct. 2 - 4, 8:00 a.m. until 6:00 p.m. Dispose of trash for FREE! Collection sites will be DRT Construction at 1991 Walton-Nicholson Pike (trash only); Ryland City Building on Decoursey Pike (trash only); Kenton County Public Works Building at 420 Independence Station Rd. (trash, appliances, scrap steel, and propane tanks); and Piner Fire House at 1851 Bracht Piner Road (trash only). Used motor oil is the only liquid that will be accepted. And, a maximum of FOUR tires will be accepted at the Public Works site only. Call Kenton County Solid Waste Coordinator Roger Wells at (859) 392-1920 for more information.

Ohio River Consortium Conference – 2009 Scientific Symposium, Oct. 18 – 20, to be hosted by Rivers Institute at Hanover College in Hanover, Indiana; Theme: ***"Making Connections: Interdisciplinary Perspectives on the Ohio River."*** Visit <http://www.ent.ohiou.edu/~orbcre/> for more information.

Junk Cleanup - Boone County, Oct. 19 – Oct. 25, 8:00 a.m. until 5:00 p.m. Bring bulk items, junk and bagged litter to the Boone County Public Works Yard at the end of Maplewood Drive in Burlington (past the Boone County Fairgrounds) or Union Pool in Union on Old Union Road for free disposal. No items from commercial entities and no batteries, liquid waste, hazardous waste, paint, or more than four tires. To learn how to dispose of these items or if you have an item that may be questionable, call your Boone County Solid Waste Management at (859) 334-3151. Groups wishing to participate in litter cleanup events are encouraged to call Boone County Solid Waste Coordinator Mary Dickey at (859) 334-3151. Connie Goins, City of Walton at (859) 485-4383, can help you with questions Walton residents may have. Call Jeremy Kleier at the City of Florence (859-647-5416) for more information.

Vandana Shiva, October 28, 2009, 7:00 p.m., "Soil Not Oil: Food Security in times of Climate Change" Vandana Shiva is a physicist, author, and environmental activist from India. She has worked for changes in agricultural and food production systems, calling for greater protection of indigenous rights to biodiversity, particularly for seeds of food crops. She also has played an important role in the ecofeminist movement, calling for greater participation of women in agriculture as a means to achieve sustainability. Among her books are *Biopiracy: the Plunder of Nature and Knowledge* (1997), *Stolen Harvest: The Hijacking of the Global Food Supply*, and *Manifestos on the Future of Food and Seed* (2007). Part of Xavier University Ethics/Religion and Society Lecture Series on Ecology and Sustainability: Food and Agriculture. Co-sponsored by the Brueggeman Center and the Women's Center. All lectures are held in the Cintas Center and are free and open to the public. Xavier University, 513 745-3000.

December 2009

Water – Every Drop Counts: 2009 Conservation Writing and Art Contest. Deadline for entries, Dec. 1, 2009. Water is the basis of all life on Earth. It nourishes us and all living things on the planet. It is necessary for people to understand the importance of clean water and why we need to conserve it. Without this understanding, it is easy to make decisions that will hurt our supply of water. We all live in a watershed. Water runs across or under the land on its way to a stream, river or lake. The area it runs over is called a watershed. As the water moves through each watershed, it picks up pollutants and carries them on its journey. The way we care for our water affects everyone downstream from us. We all hope we have good neighbors upstream! The Conservation Writing Contest is designed for Kentucky students in grades 6-12, and the Jim Claypool Conservation Art Contest is for students 1-5. In Campbell County the Art Contest is divided into two categories, Kindergarten through grade 2 and grades 3—5, allowing Kindergarten students to compete on the local level. Local and state awards are presented. State awards include: First - \$250 check; Second - \$150 check; Third - \$50 check. Regional winners will receive a \$50 check and county level winners will receive a \$25 check. State and regional winners will receive a personalized plaque and certificate. Schools should forward their top three entries in each contest to their local conservation district by **Tues., Dec. 1**. A county winner is chosen by the Conservation District and forwarded to regional competition. A contest brochure, rules, and teaching guide with activities aligned with Kentucky's Program of Studies can be found at www.conservation.ky.gov or contact your conservation district for a CD of the materials. Boone and Kenton counties: contact Sally Aaron, 6028 Camp Ernst Road, Burlington, Ky. 41005; 859-586-7903; E-mail: sally.aaron@ky.nacdnet.net; Campbell County: contact Linda Grizzell at the Campbell County Conservation District, 8351 East Main Street, Alexandria, Ky. 41001; 859-635-9587; E-mail: campbellcd@fuse.net or visit <http://home.fuse.net/campbellcd>
