Success By 6[®] to Offer Developmental Screening

Success By 6[®] Boone County will conduct developmental screenings on children two months through five years of age at Boone County Public Library branches in the coming weeks. Developmental screening results can help parents monitor their child's development in many domains including motor skills, language, concepts, problem solving and social-emotional skills. Parents can use results to ensure their child is developmentally on track for school success.

During the screening process, children are challenged to complete fun, age appropriate tasks using appealing child-friendly materials. The screening process takes approximately 20 to 30 minutes to complete. Screening tools selected include the Developmental Indicators for the Assessment of Learning Third Edition (DIAL-3) for children three through five, and the Ages & Stages Questionnaire, Third Edition for children two months to three years of age.

Screenings will be offered at times and locations below by appointment. For more information about community developmental screenings or to schedule an appointment, contact Success By 6[®] Boone County, 859/534-5810.

Friday, July 29, 9:15 - 11:00 a.m. at Florence Branch, 7425 US 42, Florence
Monday, August 1, 6:00 - 8:15 p.m. at Main Library, 1786 Burlington Pike, Burlington
Tuesday, August 2, 9:15 - 11:30 a.m. at Main Library, 1786 Burlington Pike, Burlington
Thursday, August 4, 9:15 - 11:30 a.m. at Scheben Branch, 8899 US 42, Union

Boone County Success By 6[®] is a United Way Initiative launched in September 2002 by several Boone County agencies including: Boone County Cooperative Extension District, Boone County Fiscal Court, Boone County Library District, Boone County School District, Northern Kentucky Independent Health District, Walton-Verona Independent School District, and United Way of Greater Cincinnati – Northern Kentucky. Corporate partners include: Citigroup, Delta Air Lines, Inc., and Toyota Motor Manufacturing North America, Inc.
