Function: The Aviation Noise Abatement Committee (ANAC) is an advisory and informational group that was created by the Kenton County Airport Board (Airport Board) in 1991. The ANAC receives updates from airport officials on aviation activity, as well as the related effects of the airport on the quality of life of communities surrounding the Cincinnati/Northern Kentucky International Airport. The ANAC may recommend ideas to reduce the impact of aircraft noise to the Airport Board who may consider the recommendations. Members of the ANAC are also asked to increase public awareness by maintaining direct communication with their appointing authority and community members by sharing information presented to the ANAC.

Meetings: The Aviation Noise Abatement Committee meets annually in the fourth quarter of each calendar year.
