

## **Boone County Early Childhood Fund Grant Application CY 2021**

The Boone County Early Childhood Fund Grant provides funds to Boone County organizations in order to prepare children age birth to kindergarten for social, emotional, physical, and academic success. A child's early years are the most critical for human development, and we believe that building a solid foundation during these years is the most effective way to assure a healthy and productive life.

The grant is awarded to programs that support a child's growth and learning using developmentally appropriate practices. We are especially interested in programs that:

- Increase the quality and availability of early education and care for children
- Provide a foundation for lifelong development rooted in behavioral and physical health
- Support parents and families in their roles as teachers, caregivers, and supporters of their children's development
- Provide training for teachers to increase their professional development
- Improve effectiveness of services affecting young children and their families
- Expand, remodel, or construct early learning facilities and classrooms necessary to support early learning opportunities

All capital expenditures must be within the geographical limits of Boone County. All funds must support Boone County children ages 0-5 years. Grants may be awarded in amounts from \$1,000 to \$75,000. Grant awards will be announced in November. Allocated funds will be available for use in the calendar year (January – December). All grants are funded on a reimbursement basis. The last day to submit requests for reimbursement is January 31.

Applications must be submitted to Laura Pleiman, Boone County Director of Human Services, at [lpleiman@boonecountyky.org](mailto:lpleiman@boonecountyky.org) by 5:00 PM, Tuesday, September 1, 2020.
