Re: 2020 Annual PREA Report

The Prison Rape Elimination Act (PREA) of 2003 is a federal law established to support the elimination and prevention of sexual abuse and sexual harassment in the correctional system. PREA addresses both inmate-to-inmate sexual abuse and staff-to-inmate sexual abuse. The Boone County Jail fully supports the guidelines set forth in this law and has ZERO-TOLERANCE for any and all incidents of sexual abuse and sexual harassment. Sexual abuse or sexual harassment of inmates by other inmates or staff, even if the offender consents, initiates or pursues, is prohibited and subject to administrative discipline and criminal charges. The Boone County Jail is proactive in screening new intakes for potential risk of sexual victimization or being sexually abusive. Our facility also educates staff and inmates on the PREA standard.

PREA requires an annual report be made readily available to the public and at a minimum requires the report to include progress in addressing sexual abuse, data, data comparison and corrective actions.

Progress:

Annually the Office of Enforcement and Removal Operations (ERO), Detention Standards Compliance Unit with ICE conducts an inspection at the Boone County Jail. During the 2020 inspection the facility met all criteria within the Sexual Abuse and Assault Prevention Intervention Standard. A PREA audit was conducted in June 2020 by a DOJ certified PREA auditor, with an overall score of “Meets Standards.”

Data:

The data collected for 2020 is compiled using PREA standard criteria and we will need to submit upon request Form SSV-3.

In accordance with PREA all investigations are assigned one of three possible determinations:

- *Substantiated*- an allegation which was investigated and determined to have occurred
- *Unfounded*- an allegation which was investigated and determined not to have occurred
- *Unsubstantiated*- an allegation which produced insufficient evidence to make a final determination of a substantiated or unfounded claim

2020 PREA Data

PREA Finding	Inmate-on-Inmate	Staff-on-Inmate	Total
Substantiated	0	0	0
Unsubstantiated	0	0	0
Unfounded	2	0	2
Open	0	0	0
TOTAL	2	0	2

Analysis of Findings:

There were no corrective actions taken in 2020. With the PREA audit tool being established by the United States Department of Justice this should lead to better focus in our training. Nevertheless, the Boone County Jail has always maintained a zero-tolerance policy regarding sexual misconduct.

Problem Areas:

There were no known problem areas found during the past year.

Corrective Actions:

Formal PREA policies and training were instituted to all Deputies and healthcare staff at the Boone County Jail during 2020. PREA training was also established for all volunteers and contractors during 2020. Upgrades were made to our security camera system to continue to comply with PREA regulations.

Planned Efforts for 2021:

- Continue training efforts
- Continue compliance with PREA

Summary:

The Boone County Jail maintains a zero-tolerance policy regarding sexual abuse and sexual harassment. The jail will continue training and education to comply with the Prison Rape Elimination Act to prevent in-custody sexual abuse or sexual harassment.
