**PLANNER (ZONING SERVICES DIVISION)**  
**JOB DESCRIPTION**  
*(Exempt Position)*

**General Definition of Work**

The Planner (Zoning Services Division) position primarily performs a variety of zoning functions in the office. Work is performed under the general supervision of the Director of Zoning Services. This Planner position serves as a reviewer of site plans, subdivision plans and various types of permits, Board of Adjustment applications and conducts field inspections.

**Typical Duties or Tasks**

- 1) Reviews different plans for immediate and future development, including site plans, subdivision plans, design review applications, zoning map amendment requests, concept development plan requests, and conditional use and variance applications.
- 2) Reviews sign permits and zoning permits as determined by the Director of Zoning Services.
- 3) Reviews and presents Board of Adjustment applications.
- 4) Prepares technical staff reports and presents findings to the appropriate board, commission or administrator.
- 5) Prepares reports and graphic displays illustrating data and demographics analyzed when needed. Also prepares maps and other graphics in conjunction with other tasks.
- 6) Acts as a technical advisor to other staff members.
- 7) Assists in the development of studies, planning documents and reports.
- 8) Responds to inquiries from the public and local officials on planning and zoning related issues.
- 9) Assists in enforcement or inspection activities.
- 10) Performs other planning or zoning related tasks as required.

**Knowledge, Skills, and Abilities Required**

General knowledge of the principles and practices of land use planning and zoning, including some knowledge of economics, land development and environmental design principles. Some understanding and work experience in GIS software and office software programs. Ability to analyze and systematically compile technical and statistical information and reports, and present the results in a clear manner. Ability to evaluate and describe aspects of site design and construction. Ability to establish and maintain effective working relationships with developers, property owners, colleagues, representatives of other agencies and the general public. Excellent communication, written and public-speaking skills are required.

**Education and Experience**

Bachelor's Degree in urban planning or related field from an accredited college or university with at least 2 years of professional work experience in the planning or zoning field. An additional degree in a complimentary field is preferred.

**Salary & Benefits**

Starting salary for the position is commensurate with work experience and qualifications of the successful candidate. A comprehensive benefits package is available with this position and is subject to change each year.

The Boone County Planning Commission is an equal opportunity employer.
